

2011 FORMULA 1™ Qantas Australian Grand Prix

Accommodation Information

If you are not from Melbourne and are looking for somewhere to stay for the AGP, we have come up with some suggested places for you to try. These have vacancies for the AGP period (at the time of publishing) and are reasonably priced. We have also listed the website and contact number for these accommodation options.

Please refer to the Circuit Map and Transport Guide (provided with AGP Newscast 4) which will assist you with public transport options from your location when in Melbourne. Melbourne locations with a direct train line to the CBD will be fine also, as Grand Prix trams run express from the CBD during the event. Another handy resource is the Metlink Melbourne website, with all your public transport and journey planner information: <http://www.metlinkmelbourne.com.au/>

While the below is by no means exhaustive, it is a start! You could also try websites such as www.wotif.com to view available accommodation options in Melbourne. If you have any queries please contact us at agpofficials@cams.com.au
