

CAMS Ignition Program Expression of Interest Presenter

Why the CAMS Ignition Program?

The CAMS Ignition Program is a community initiative that aims to improve the road safety of young people through education and awareness. The Ignition Program focuses on the attitudes and behaviours of young road users, and is in line with the most current research on driver education.

CAMS is seeking expressions of interest from individuals who would like to become a volunteer Ignition Program Presenter. As a CAMS Ignition Program Presenter, you will deliver the Ignition Program in conjunction with our CAMS affiliated car clubs, and will have the opportunity to make a difference in your local community.

A great community road safety initiative, The CAMS Ignition Program can also boost existing car club activities by providing a unique way to introduce young people and their families to club motor sport.

Ignition Program Presenter Criteria

Ignition Program Presenters will:

- ✓ Hold a CAMS Specialist Course Presenter Licence, or be willing to undertake the Course Presenter Module
- ✓ Have a current or are willing to undertake a Working with Children Check as per relevant state legislation
- ✓ Have an understanding and respect for the aims and goals of the Ignition Program
- ✓ Adhere to the Ignition Program content and ideology
- ✓ Attend a one day Ignition Program Presenter Training Session

Previous experience with training, education or junior development program is desirable.
