Notes for Application and Renewal of Club National & International Licences

INFORMATION FOR ALL LICENCE APPLICATIONS

Discipline-specific Licences

If you compete in more than one licence discipline, eg circuit racing and rallying, you must have all licence categories included on your licence. Pre-licence requirements must be met before a particular category can be added to the licence.

Licence Expiry Dates

At first issue, competition and driver licences, except International, will have 12-month expiry dates which will be the last day of the month in which the licence was issued; ie, a licence application processed on 15 August, will have an expiry date of 31 August the following year, and this will become the permanent expiry date.

Renewed licences will maintain their existing expiry date.

International licences will expire on 31 December of the year of issue to comply with FIA regulations.

Licence Photographs

First time applicants for all club national and International applicants should include a recent head and shoulders photograph of passport quality, approximately 40mm x 50mm. This photo will be used on your CAMS licence.

Photographs will be stored electronically by CAMS and licence holders will be advised, with renewals, when photographs need to be updated.

CAMS Manual of Motor Sport

Applicants for all licence types have the option to receive an abridged copy of the current CAMS Manual of Motor Sport at no charge. A full version of the Manual can be found online at www.cams.com.au

Pass Books

A CAMS Pass Book will be issued to new licence holders to provide details of satisfactory completion of licence upgrade and maintenance requirements and of any penalties applied following judicial procedures. The Pass Book can also be used by licence holders to maintain a competition history. On licence renewal or upgrade of an existing licence an updated licence sticker will be provided to those who have previously been issued with a Pass Book.

Licence Performance and Skill Criteria

The performance and skill criteria for competition licences vary between motor sport disciplines.

Applicants should ensure that they meet the appropriate criteria – refer to the Performance and Skill Criteria in the CAMS Manual of Motor Sport online at www.cams.com.au

Competitor Licences – Levels J, K, L, M, N & O (Separate application form required)

Competition vehicle owners who are not the holders of a driver/competitor licence must hold either a Level J, K, L (national) or M, N, O (international) entrant licence. Competitor licences may be issued to individuals, companies, groups and teams who are the holders of current CAMS log books.

Sponsor and team names may appear in programs and results without a licence being held. A club affiliated with CAMS may be shown in the program, results etc as the competitor without being required to hold an entrant licence.

New applications and advice of company name change must be accompanied by a certificate of incorporation, registration, ACN or business name.

International Licences

(information extracted from Appendix L to the Intl Sporting Code of the FIA)

Regardless of the category of licence held, Australian nationals participating in international competition overseas must also hold a CAMS-issued visa which authorises them to participate in the competition noted on the visa. The highest form of CAMS licence issued is an International Driver/Competitor Licence, which is required to compete in events of international status both in Australia and overseas.

Information can be obtained from CAMS Manual of Motor Sport, Licences.

Nationality

Applicants who are not Australian citizens must have the authority of the National Sporting Authority of the country of their passport prior to a licence being issued. As required by the Federation Internationale de l'Automobile (FIA). CAMS can arrange this, but it does take time. You are required to provide documentary evidence of your Australian residential status. This can include:

- Appropriate section of your passport
- Utility bill showing your residential address
- Statutory declaration indicating that you are a resident of Australia

Medical fitness

Applicants for CAMS competition licences must comply with CAMS medical criteria relevant to their competition level.

Where applicants do not meet the criteria, medical records may be requested by CAMS for referral to State Medical Assessors for a decision on competition fitness.

Applicants will be advised by CAMS if their medical examination or statement has not met CAMS medical criteria.

It is strongly recommended that all licence holders are vaccinated, where possible, against blood borne diseases, eg Hepatitis B etc.

Medical Examiners

Not applicable to National Off Road and National Rally Licences

Medical Examinations may be conducted by any registered General Practitioner.

When making an appointment, please advise that time will be required for a full CAMS medical examination. The Health Statement form must be completed by you prior to the appointment and the medical examination record will be completed by the Medical Examiner.

The form must be signed by both you and the Medical Examiner. Make sure you take the completed Medical Examination form with you when you leave and forward it with your licence application, photograph and fee to CAMS.

Lectures and Observed Licence Test

For the differing disciplines, new competitors are required to undertake lectures and the necessary number of Observed Licence Tests.

Lectures are completed via the Internet.

To undertake a lecture via the Internet, the competitor provides details of a current e-mail address in the application form. Further information will be forwarded to this address. This email will contain a web-link, username and password. The module I.D. number and password are requested on the lecture entry screen.

The lecture is undertaken by following the prompts and completing the multiple-choice test as you go.

Observed Licence Test can be arranged by contacting CAMS on 1300 883 959.
