RATIONALE:

To amend 5th Category regulation, 3.1.3 Paintwork and signage to provide greater flexibility for the application and approval of signage/advertising in 5th Category competition.

ACTION:

Amend: 2011 5th Category Regulations - 3. Vehicle Eligibility - 3.1 General Requirements

3.1.3 Paintwork and signage: The original style of paintwork and livery is encouraged. Tobacco advertising signage in accord with that carried during the historic group period will, however, be acceptable only on privately owned vehicles where the owner certifies that no direct or indirect benefit is received from any party in consideration for the carriage of such signage. This certification must be provided prior to the issue of any Certificate of Description evidencing the display of such signage.

The name of the driver may be shown on the vehicle, appearing once on either side in a position below the window line, in a size not larger than 40mm by 300mm.

A club badge, of an acceptable motoring club, can appear on the vehicle. Each badge must be not larger than 150mm by 100mm and must be placed below the window line. Only two such badges are permitted, one on each side of the vehicle.

The territory of origin of the driver may be shown on the vehicle. Each sign must be not larger than 100mm by 150mm and must be placed below the window line. Only two such signs are permitted, one on each side of the vehicle.

No other advertising material or sign is permitted unless evident in the applicable group period (see relevant Group Articles) or, upon application by **an Organiser or an individual club or competitor group subject to the prior approval of any affected organiser/s.** ~~promoter, s-~~ Specific approval is granted by the Australian Historic Motor Sport Commission **is required** to allow the display of event sponsor signage. Applications should be submitted **well in advance of** ~~at least three months prior to the event/s~~ in question **(a**

period of at least 6 weeks is envisaged) and be supported by full details of the event/s, the specific signage proposed and the benefits to be derived by competitors and/or organisers. If approved, the positioning of such signage on the various Groups of historic vehicles will be determined by the Commission, having regard to vehicle type and historic precedent. Dimensions of any such signage must be in accordance with the restrictions set out in FIA Appendix K.
